THEY'RE ALL TALKING OF IT.

A Reporter Investigates several public
recommendations, and finds

EVERY WORD TRUE.

More Words of Praise spoken than Pub-
lished.

The strong letters of recommendation
and experiences which have so frequently
appeared in the various daily papers,
excited the curiosity of the Editor of the
Albany Argus. Determined to know as to
the genuineness of the published docu-
ments, placed the matter in the hands of
one of their reporters, Mr. Robert A.
Male, of the veteran firm of VanSlyke &
Horton's Tobacco Factory, on Broadway,
Albany, N. Y., was first called upon, and
shown the following:

"About ten years ago I had a great deal of
trouble with stone in the bladder, and I had to
submit to an operation. But the old trouble re-
appeared and I feared that another operation
would be necessary. A friend suggested that
I try Dr. Kennedy's Favorite Remedy, of Ron-
dout, N. Y., after using the medicine a short
while, I found it was doing me good. I contin-
ued its use and am happy to say it entirely
cured me. I take it whenever I feel a little out
of sorts, and it always does me good. But for
kidney or urinary trouble of any kind I am a
proof of its curative power.

Mr. Male said every word was true and
he would not be without that valuable
preparation.

Mr. F. C. Brink, of Poughkeepsie, N. Y.,
whose famous experience published,
as "A Scrap of Paper," Picking

a scrap of paper
up in the street one
day, found it con-
tained Dr. Ken-
nedy's Favorite
Remedy advertise-
ment, and as it par-
ticularly hit his
case, bought the
medicine and found
the help he had
been praying for.

Mr. F. C. Brink.
In answer as to the truth of the article.
Mr. Brink said he was always pleased to
say a good word for Favorite Remedy,
and referred the writer to the following
letter lately published in the *Poughkeepsie*
Engle.

Gentlemen:—Receiving many letters from all
over the country, asking as to the truth of an
advertisement published in your paper, giving my
experience with Dr. Kennedy's Favorite
Remedy, I wish to say it was a pleasure to
give that recommendation to Dr. Kennedy, and
when I read of the cure of the bladder
and chronic kidney disease, I wrote simply
the truth.

For years I have used this valuable medicine,
I suffered from urinary troubles, pain in my
back and a nervous, sleepless condition, yet
I have had them the fourth time I was cured,
sound and well. I have replied to these letters
and am willing to do similar service to those
afflicted. But I make this public statement
hoping it may reach the eyes of the sufferer, and
save me personal correspondence, for at my age
letter writing is not easy.

Yours truly,
F. C. BRINK.

Mr. Peter Lawler, chief engineer of
Messrs. Crane & Co's Paper Mill, Dalton,
Mass., said:

"I don't look much like a dead man, but I was
pretty near one. For fifteen years I suffered
from stone in my bladder, and for the last
year I was suffering from violent attacks,
and often tinged with blood. I lost flesh,
appetite, and strength. I consulted several
physicians who said I was suffering from
gravel and inflammation of the kidneys
and that I could live but a short time. Mr.
John Spencer of Pittsfield, Mass., told me
of Dr. Kennedy's Favorite Remedy, and I
bought a bottle, and took it as directed. I
had a similar experience. Seized
one day with pain in
his back, next came
stoppage of urine.
Medical advice was
sought, and pronounced
it stone in the bladder.
In writing to a friend he
said:

Mr. E. D. Parsons, head book-keeper
Wholesale Dry Goods House of S. J.
Arnold & Co.,
Rochester, N. Y.,
had a similar ex-
perience. Seized
one day with pain in
his back, next came
stoppage of urine.
Medical advice was
sought, and pronounced
it stone in the bladder.
In writing to a friend he
said:

"I can speak in higher praise than I
have written," are the words of every per-
son I talked with, which proves the great
popularity of this remedy, possessing
what no other medicine has,
the power to save life. It can be used with
safety by all ages.

The worst cases of nervous prostration,
sleeplessness, headaches and digestive
troubles, yield to its curative power. Salt
rheum, eczema, rheumatism, scrofula, or
any disease arising from impure blood,
are banished by this brain, nerve and
blood tonic, Dr. David Kennedy's Favor-
ite Remedy.

GOV. ASHLEY ON THE TARIFF

In the vile nonsense which the Gov-
ernor's antagonist is doling out on the
stump and through the press with the
desire to deceive and mislead the work-
ing masses, his misrepresentation of
Mr. Ashley's views on the tariff are
most infamous. Ritchie is acting on
the presumption that the farmers and
the working men of the District are
ignorant voters, who are incapable of
understanding the sophistry by which
he is attempting to deceive them.

In order that the citizens of Wood
county may fully understand the posi-
tion held by Gov. Ashley on this im-
portant question we publish his own
statement of the matter, as it appeared
in the Toledo Commercial on the 30 ult.,
Sunday last.

In a speech delivered by Mr. Ashley
in Archibald, Fulton county, in Novem-
ber, 1890, he outlined the principals
and policy of the Republican party,
which then was in its infancy, and de-
clared his views as follows: "I am
opposed to the importation from Europe
anything which we can manufacture
as well and cheaply at home; opposed
to going to England to buy rails
for our great network of western rail-
roads, when we can make them as well,
or better, from the iron mountains of
Pennsylvania, where forges and fur-
naces are now still, and immense beds
of coal and iron ore, and forests of tim-
ber, wait but the touch of the American
citizen and the American laborer to
put down every bar of railroad that we
need at our own doors."

This statement was made by Gov.
Ashley thirty-three years ago on Tues-
day next. On that platform he has
since stood and now stands. He be-
lieves that American labor, and Amer-
ican genius should take the precedence
over that of any country.

In a recent interview he stated his
views on the tariff again as follows:

"I believe the McKinley tariff to be
the result of the best thought of our
ablest and most trustworthy statesmen.
They jointly gave it months of pain-
staking labor and we cannot do less
than give it a fair trial. If in its prac-
tical workings defects appear, as is
probable, they can easily be remedied
by supplemental legislation. Prudence
and justice alike demand that this tariff
law shall have a practical trial and
that there shall be no tinkering with
it by visionary and inexperienced men,
many of whom have no political or
business record except one unbroken
series of reckless acts which imperiled
our democratic institutions and men-
aced the very existence of our business
life.

"You will perceive," he added, "that
I am in favor of a tariff which, while it
protects American interests and Amer-
ican workmen, tends to fair trade,
instead of 'free trade,' which tends
to reciprocity instead of a reckless dis-
regard of business principles such as
the great governments of the world
recognize in the adjustment of their
tariff laws."

Gov. Ashley regards the tariff system
to have been formulated to promote the
welfare of American citizens who, as
employers and laborers, are equally
interested with capital in the advan-
tages which are designed to accrue
from it. If, in the adjustment of its
provisions, there are found discrimina-
tions detrimental to the interests of
the working classes, the correction and
amendments can be made by friends of
the tariff better than by its enemies.

Of Interest to Old Soldiers.

The old veterans, before casting their
votes next Tuesday would do well to
look up the records of Grover Cleve-
land as regards his friendship for the
old soldier. The following statement
will be of interest:

During their terms of office—
President Lincoln vetoed 1 bill.
President Johnson vetoed 20 bills.
President Grant vetoed 17 bills.
President Hayes vetoed 12 bills.
President Garfield vetoed none.
President Arthur vetoed 4 bills.
Total, 54 bills.

During Mr. Cleveland's term of four
years he disapproved of 697 bills, of
which 524 were pension bills passed
after mature consideration by the
senate and house.

If the above is not sufficient evidence
to convince the soldier that Cleveland
loves him let him read the following
item taken from the *Durham* (N. C.)
Globe, one of Mr. Cleveland's organs:

The pension fraud is a theft, and we
repeat that no man can honestly de-
fend it. The south has been taxed to
death to pay this grand army of rascals,
these bottle scarred bums, who reach
in the empty palm, and when Cleve-
land struck the beggars in the face he
did a good business job. We hope to
God that he may have a chance to hit
'em again. The vagrants and mendic-
ants should both be thoroughly slapped
and kicked.

There are plenty of Republicans in
Ohio to carry the State by an over-
whelming majority if they only come
out to the polls and vote. There are
enough Republicans in Wood county to
elect the entire county ticket by 800
majority provided they come out to the
polls and vote the straight ticket.
There is no reason why any Republican
should scratch his ticket this fall, as
there never was a cleaner ticket in the
field than the Republican ticket of 1892.

An argument that is being used to
catch votes for Bryant is that he is a
nice man, popular, and very wealthy,
and has made a splendid Sheriff during
the past two years, etc. Now, grant-
ing that all this be true of Sheriff Bry-
ant are these sufficient reasons for the
Republican to go back on Richard
Biggs, the Republican candidate? Dr.
Bryant is said to be a "nice man;" so
is Richard Biggs. Dr. Bryant is said
to be popular; so is Richard Biggs.
Sheriff Bryant is said to have been a
good Sheriff. Is he the only man in
Wood county who could be a good
Sheriff? Has he accomplished any-
thing as Sheriff that could not be done
by Richard Biggs or any other man?
Sheriff Bryant has no just claims on
any Republican for support. Richard
Biggs is not rich. He is a hard working,
sober, mechanic, a respectable gentle-
man and no person will ever have rea-
son to regret having voted for him.
Vote for Biggs for Sheriff. Don't let
it be said that Wood county with near-
ly 1000 Republican majority has re-
turned a Democratic Sheriff, and de-
fected an honorable and worthy man
like Dick Biggs.

Who Had the Best Time?

The answer to this question is we.
Who are we? "We" is the crowd that
surprised Miss Laura Ewing on Hallow-
een. Two grinning skulls ornamented
the gate posts and lighted the
spirits and spiritesses to the many
pleasures awaiting them within,
until one skull caught sight of kindred
spirits wandering by and hastily joined
in the procession. After years of
patient waiting for their fortunes they
decided this night to learn what
the fates held in store for them and so
each one launched his lighted bark
upon the sea of life, namely, the dish-
pan. Not satisfied with knowing
whether their voyage would be calm or
stormy, they tempted the fates still
further by learning who would be the
sharer of their joys and sorrows upon
this voyage. This was done by diving
for apples in a tub of water, these were
procured by "knocking them against
the side of the tub, jamming your teeth
into them" the experience of one of
the spirits. After learning the name
of their partner on the voyage the
spirits and spiritesses insisted upon
knowing whether he should be rich,
poor or "spooney." Most of the
spiritesses will of course marry for
riches.

After tempting the fates in various
ways: the climax of the evening was
reached by cutting the cake, in the
depths of which was concealed a beau-
tiful diamond(?) ring. The fates had
decreed that the fortunate one who
should obtain this golden prize should
be the first of the merry crowd to be
led to Hymen's altar. It is unneces-
sary to state that the prize was joyfully
carried away by one of the little
spiritesses. But who it was, "we" will
not tell. The concluding ceremony of
the evening was the ghost dance. De-
cide for yourself what this was.

As the clock struck the mystic hour
the merry crowd dispersed to their
homes once more to take up the weary
round of life well satisfied with the
disclosures of the evening.

Refreshments candy, apples and nuts.
Who had a better time?

The Democratic party offers a pro-
gramme of demolition. The policy of
the Republican party is, on the other
hand, distinctively a policy of safe
progression and development—of new fac-
tories, new markets and new ships.—
Harrison's Letter of Acceptance.

Protection is the safeguard of the
American home. Two per cent. of
English iron workers own homes, while
twenty per cent. of protected United
States workers own better homes.

The success of the wild-cat banking
scheme would be disastrous, far-reaching
and revolutionary. Laboring people
would be first to suffer by it.

REPUBLICAN RALLY

GOVERNOR

JAMES M. ASHLEY

—AND—
FRANK J. SCOTT, ESQ.,
OF TOLEDO,

Will address the citizens of Perryburg and vicinity, on the
political issues of the day at the Town Hall, on

SATURDAY EVE., NOVEMBER 5, 1892.

The people, irrespective of party affiliations, are cordially
invited to come out and hear the able Statesman and his hon-
orable friend.

CALL AND SEE THEM.

We are also prepared to do all kinds of gas fitting on
short notice.

JNO. J. AMON.

The Hon. James M. Ashley will ad-
dress the people of Perryburg at the
town hall, on Saturday evening next,
Nov. 5th. We hope the citizens with-
out regard to party will come out and
hear the grand old statesman.

There is no man living who is better
informed of the merits of location in
these up-river towns of Perryburg and
Maumee, and there is no living citizen
who can render us the effective service
that he can in obtaining an appropria-
tion from the government for the pur-
pose of improving the Maumee river
and also making the battle grounds of
Fort Meigs a park dedicated to the
nation.

We speak thus positively concerning
Gov. Ashley for these reasons—1st: He
fully understands the merits of our sit-
uation and on grounds of patriotism
desires to see Fort Meigs dedicated to
public use. 2d: His long service as
Congressman in Washington makes
him fully acquainted with the business
process by which the merits of our
claim may be fully stated and made
successful. 3d: He is well known by
the leading citizens of Ohio, and of the
United States, and his large business
qualifications are such that he will
succeed where most others who are not
business men would fail.

In view of this let us all unite with-
out regard to party in giving him a
substantial vote as an expression of our
confidence, and the desire that he may
be able to bring this much desired im-
provement to the point of success. On
such grounds we say let us vote for
James M. Ashley as the representa-
tive to Congress from the Ninth Dis-
trict.

Lumber in Abundance.
The timber area of Washington is the
most extensive in the United States, and
combines a greater number of valuable
commercial varieties than may be found
anywhere else. The quantity of mer-
chantable lumber standing in these for-
ests from a conservative standpoint is
estimated at 160,000,000,000 feet, suffi-
cient to supply all the markets in Amer-
ica for untold years to come and yet
send cargo after cargo into foreign lands,
—Port Crescent Leader.

At Saint Cloud.
A beggar armed with a cornet
stopped in front of a terrace on which
a large number of persons were dining.
One of their number asked him to give
them a tune. The beggar humbly con-
fessed that he could not play.
"What! You don't know how to play?
Then what good is your instrument to
you?"

With noble frankness, "It is only a
threat!"—Gaulois.
Cheap Artificial Eggs.
James Storey, a Parsons (Kan.) inven-
tor, claims that he has perfected an ar-
tificial egg equal to natural hen fruit in
every respect. He coats his albuminous
mixture with a shell so "true to life" as
to defy detection. He says that he can
make a carload a day at a cost of only
three cents a dozen.—St. Louis Republic.

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Miss, she clung to Castoria.
When she had Children, she gave them Castoria.
